Wallsfilm Studio is a full-service film & video production studio and multi-use space for content creation, production support, and event staging.

It's centerpiece is a large 30' x 40' x 20' L-shaped hard cyclorama.

Ideal for film, video, VFX cinematography, photography, podcasts, and audio recordings. 10+ years of work created here: documentaries, commercials, corporate/industrial, music videos, independent narrative films, doc-reality TV, podcasts, photo shoots, VFX, and production staging.

Equally suited as a rehearsal space, staging area, or home-base production office for a shoot elsewhere in the city.

Studio Garage Door
for Vehicle/Gear Load-in

A large work area wraps the cyclorama with ample room for crew, equipment setup, and staging. Two entrances – a front double door and a side loading dock with a sliding garage door – make load-in easy for wardrobe, gear, set pieces, and craft services.

THE LOCATION — EVERYTHING MINUTES AWAY :

- **In Baltimore's Canton/Highlandtown corridor** – one of the city's best-connected pockets for a working production, whether your crew is local or flying in.
- **Travel:** BWI Airport ~18 min • minutes from I-95 & the I-895 tunnels (fast regional trucking & talent access)
- **Lodging:** Best Western Plus + Conference Center 0.7 mi • Hampton Inn Bayview 1.3 mi
- **Medical:** Johns Hopkins Bayview Medical Center – 0.8 mi / ~6 min
- **Supplies:** Home Depot ~7 min • BJ's Wholesale ~5 min (studio membership extended to clients for craft-services savings) • two nearby storage facilities used by past Wallsfilm productions
- **Food & daily needs:** The Shops at Canton Crossing minutes away – Target, Ulta, Starbucks, Crunch Fitness, plus Chick-fil-A, Shake Shack & Dunkin'. Local favorites: THB Bagelry, DiPasquale's Italian Marketplace, Akira Ramen, Iron Rooster. LA Fitness ~6 min.
- **After wrap:** the Canton & Fell's Point waterfront districts – bars, restaurants, nightlife – minutes away.

THE WALLSFILM STUDIO ADVANTAGE:

More than a room...a production hub on a working film campus. In-house Camera + G&E, Pro Crew leads. On-site two motion control robotic arms for precise, repeatable camera moves, rare for other studios. Professional grip and lighting on site, with F/East and Chesapeake Grip & Lighting, right here on campus when you need more firepower. Backed by Wallsfilm's own 20+ years of production, crew, and camera capabilities, Wallsfilm Studio is a home base that flexes from prep through wrap.
